The realignment of M-28BR unites the City of Ishpeming, the Marquette County Road Commission and the Michigan Department of Transportation in an effort to improve transportation in the Ishpeming/Negaunee Urban Area.

Establish 0.183 miles of M-110 as a state trunkline Highway and abandon by obliteration 0.199 miles of state trunkline highway, all within Manistee County. This realignment of M-110 provides the Michigan Department of Transportation with an improved intersection of M-110 and US-33 by avoiding a railroad crossing along the old alignment of M-110. The realignment also increased economic growth in this part of Manistee County, immediately north of the city of Manistee.

Transfer of jurisdiction of a section of M-50 in the city of Monroe and Monroe County. This jurisdictional transfer has been a factor in the long-range Monroe area trunkline study for many years.
